

Imagine More Park Space in the Neighborhood

Help us create more parks and public space!

78th Street Visioning Workshop

Saturday, June 4th

9 am – 11:30 am

St. Marks Church 33-50 82nd Street

Friends and neighbors:

You have been great supporters of the 78th Play Street and the Grow A Park initiative. Now join us to create a collaborative vision for the future of the 78th Play Street / Temporary Plaza, and imagine what an expanded park could be like at the Garden School athletic field.

Let's build a great community destination together!

We respect your time and promise a fast-paced, engaging, participatory workshop. Bring your walking shoes.

This workshop is sponsored by the Jackson Heights Green Alliance.
